

VOLCANO KILLS MANY THOUSAND

Eruption on the Island of Martinique Destroys St. Pierre.

CRATER IS ACTIVE

All Shipping in the Crowded Harbor Was Completely Wrecked.

OVER 25,000 ARE DEAD

Paris, May 9.—The minister of marine is in receipt of the following cablegram sent from Fort De France, Island of Martinique:—Last night by the commander of the French warship Succet: "We have just returned from St. Pierre which was completely destroyed by an immense mass of fire which fell on the town about 8 o'clock this morning. The entire population (about 25,000 souls) is supposed to have perished. We have brought back a few survivors, about thirty. All the shipping in the harbor was destroyed by fire. The eruption continues."

Reports Are Confirmed
Paris, May 9.—The procureur general of St. Pierre, Martinique today cabled that he and his family were among the saved. He confirms the report of the complete destruction of the town and over 25,000 lives lost. St. Vincent is the next island but one south of the island of Martinique. Soufriere is a famous volcano and has had several terrific eruptions. The volcano is 3,000 feet above the sea level. The crater is three miles in circumference and five hundred feet deep.
The Lapatie estimates the number of dead at St. Pierre to be twenty-six thousand.

ABOUT 25,000 SOULS LOST

Eruption on Island of Martinique Destroys a Large City

St. Thomas, D. W. I., May 9.—The British steamer Roddam, Captain Freeman, which left St. Lucia Wednesday for Martinique, returned there at 5 o'clock Thursday afternoon, bringing a report that the town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Almost all the inhabitants of St. Pierre are said to have been killed. The population was 25,382.

The Roddam reports that all the shipping in the port has also been destroyed. The Quebec Steamship Company's steamer Roraima is mentioned as lost with all on board.

The Roddam was almost completely wrecked. Her captain was seriously burned and seventeen of her crew are dead.

The steamer Roraima, Captain Murgab, left New York April 26 for St. Thomas, where she arrived May 2. From St. Thomas she proceeded for St. Croix, Demarara, etc.

Martinique is one of the easternmost of the West Indies, being situated immediately between St. Lucia and Dominica. It is about 450 miles southeast of Porto Rico and about 375 from St. Croix, the southernmost of the Danish group.

United States Consul Ayme cabled the state department from Guadeloupe that great consternation prevails in that locality in consequence of earthquakes and volcanic activity. Loud

STATE DAIRYMEN URGE ROOSEVELT TO SIGN THE OLEOMARGERINE BILL

Will Counteract the Efforts of the Beef Trust to Get the President to Veto It—There is No Such Thing as a Butter Trust.

Washington, D. C., May 9.—President Roosevelt today signed the oleomargarine bill.

Milwaukee, Wis., May 9.—The executive committee of the State Dairymen's association, in session here today, was notified by wire from Washington that the cattle interests and beef trusts were doing all in their power by way of telegrams from all over the country to President Roosevelt to make him think that the people are against the oleomargarine bill's becoming a law.

The matter was discussed briefly by the dairymen including ex-Gov. Hoard and H. C. Adams, and then several messages were dispatched to the president in the effort to counteract as much as possible whatever influence the beef trust and the cattle-men's association may have been able to bring about in a roundabout way.

The Wisconsin dairymen urged the President to sign the bill, which, although not all that the dairy interests had hoped for in the way of national legislation, is looked upon as a step in the right direction. It is said that the warning to the Wisconsin dairymen today came from Secretary Knight, who is still in Washington looking after the interests of the dairymen of the country. Undoubtedly the president will receive thousands of telegrams urging him to

noises are heard continuously, which are ascribed to volcanic action. Telegraphic communication with Martinique is broken in every direction. He says he is informed that many hundreds of people have been killed in and about Martinique.

Island of Martinique
Martinique has an area of 350 square miles and a population of 137,000, according to the last census of 1896. It belongs to the group of French possessions in the West Indies, which include Guiana, Gaudaloupe, St. Pierre and Miquelon. The colony is under a governor and a municipal council. The military force consists of about 1,400 French soldiers.

The chief commercial towns are St. Pierre, 25,792 inhabitants, and Fort de Fraser, 17,274.

Sugar, coffee, tobacco, cacao and cotton are the chief culture, besides 15,007 hectares under the food-producing crops. In 1899 there were twenty sugar works and 112 rum institutions.

In 1899 the imports amounted to 27,004,525 francs and the exports to 26,603,147.

The island is visited very largely by French, British and American companies for internal traffic. There are subsidized mail coaches; subsidized steamers ply on the coast, visiting neighboring islands.

The colony is in telegraphic communication with the world by the cables of two telegraph companies. The local budget for 1900 balanced at 5,729,793 francs. The colony has a senator and two deputies in the French legislature. It was acquired by the French in 1635.

MURDER CHARGE AGAINST BOY

Lad Aged 11 Said to Have Caused Death of 6-Year-Old Child.

Atlanta, Ga., May 9.—Victor Nutall, aged 11, has been arrested charged with the murder of 6-year-old Colin McDougall. It is alleged that Nutall, with two companions, forced the child to go with them into a street sewer, and compelled him to remain under the slime after he had inhaled sufficient sewer gas to have caused his death.

CONTEST OVER THE RIGHT TO FISH

The Attorney General Makes a Statement on the Ownership of Streams.

Madison, Wis., May 9.—Since the trout fishing season opened there have been a number of conflicts between land owners and sportsmen over the right of the latter to fish in creeks and other small streams. The attorney general has received many inquiries as to the rights of the fishermen and the land owners under the law. The law, of course, provides that a land owner has no property interest in fish that may be in a navigable stream running through his land.

The attorney general holds that a navigable stream may be only a few feet wide, large enough to float a fence post perhaps, or any other small piece of merchantable property. As long as a fisherman keeps on the surface of the water or on the bed of the stream and does not touch the land on either side above the ordinary high water mark he cannot be molested by the land owner.

Jewish Colonists for America.

Frankfort-on-Main, May 9.—Private advices from Bucharest say that 3,000 Roumanian Jews have left for Rotterdam, where the Jewish Colonization society will pay their passage to the United States.

MAY MEAN A RADICAL CHANGE IN CONDUCT OF NORTHWESTERN ROAD

Six New Directors To Be Elected Next Month—An Attempt to Wrest the Control from the Vanderbilts—Extensions in South Dakota.

Six new directors will be elected for the Chicago & Northwestern at the annual meeting early next month. It is authoritatively mentioned that the recent heavy buying of Northwestern shares will result in some changes on this board.

This result has been guessed at during the past week, but recent developments have convinced the people who have followed the operations in the stock closely that the new element in Northwestern affairs will not only ask for representation on the board but are in good position to make the request good.

The firm of Moore Bros., of Chicago, is understood to be offering big inducements to shareholders in the Northwestern system for the privilege of voting their stock at the coming annual election in June.

Much Required to Control
It would require a purchase of \$32,000,000 of stock actually to control the Northwestern. Although the Western capitalists have been buying Northwestern stock since the first of the year they have not bought this amount. It is believed, however, that their holdings combined will make them the largest element in the affairs of the road.

HAS NO PRECEDENT IN NAVAL ANNALS

Funeral of Admiral Sampson a Grand Tribute to His Memory—Burial of Archbishop Corrigan.

Washington, D. C., May 9.—The funeral of Sampson today was never equalled in the history of military obsequies in this city. The burial of Lawton undoubtedly outlasted it in an exhibition of popular sorrow, yet the parade of today and interment at Arlington was, probably without precedent in naval annals.

The president and cabinet in person paid tribute to the memory of the dead commander. The army was officially represented by Miles and staff, Generals Corbin, Young and the heads of war bureaus, special committees of the house and senate were also in attendance.

The entire body of naval cadets came over from Annapolis to follow the body to its resting place. The rites in honor of the dead were conducted by Rear Admiral Terry and a multitude of naval officers in full uniform joined the solemn cavalcade.

The services at the church were brief and at their conclusion the procession, made up of police, cadets, Fourth Field Artillery, battalion of Marines, two battalions of seamen and a hearse guard of honor.

New York, May 9.—In the presence of the highest dignitaries of the Catholic church of America the body of Archbishop Corrigan was laid to rest in the crypt beneath the altar in St. Patrick's cathedral this morning. The city probably never witnessed such a stately ceremonial which was participated in by over one thousand officials of the church.

MINE OWNERS WILL NOT ARBITRATE

President Mitchell of the Mine Workers' Union, Preparing for Most Gigantic Strike Known

Seranton, Pa., May 9.—President Mitchell of the United Mine Workers announced today that the anthracite operators had refused the miners' proposition to submit the entire question in dispute to an impartial board of arbitration. The executive board of the mine workers are now considering the advisability of calling a strike.

Irish Ship King Edward.

Dublin, May 9.—The Nationalist members of the corporation of Dublin prevented that body from considering whether Lord Mayor Harrington should attend the coronation by absentsent themselves.

Young Rothschild Is Ill.

London, May 9.—The oldest son of Baron Nathan Meyer Rothschild, Lionel Walter Rothschild, member of Parliament for the Aylesbury division of Buckinghamshire, is seriously ill with pneumonia.

Train Strikes Buggy; Woman Dead.

Kokomo, Ind., May 9.—At a crossing east of town a Clover Leaf passenger train struck the buggy of Reuben Sellers, a farmer. Mrs. Sellers was instantly killed and Sellers may die of his injuries.

Weds a Banker.

Benton, Ill., May 9.—Miss Lillian Carr of Galatia, Ill., was married to Stephen Brown, a banker of Rush, Indian Territory. They left immediately for a month's wedding tour through the south.

Rome, May 9.—According to a letter received here from Turin King Victor Emanuel was attacked by a workman while walking yesterday.

The assailant, the letter says, was arrested before doing the king any harm, but subsequently escaped.

SERIOUS SCANDAL IN WOMAN'S CLUB

Allegation Is Made That Ballots Cast in the Chicago Organization Were Not Counted.

Los Angeles, Cal., May 9.—A new scandal in the Chicago Woman's club was sprung as far from home as Los Angeles on the Pacific slope. While not equal to the anonymous letter affair, it is creating almost as much excitement.

On the day before the delegates left Chicago they elected officers. On the ticket were two of Mrs. Willes' friends and, although there were no opposing candidates, both suffered overwhelming defeat. Mrs. Lillian D. Duncanson, one of these candidates, has just received word that fifty-two ballots cast for her were not counted. She received but forty-three votes, according to the report of the tellers.

Mrs. Duncanson has a letter of apology from Mrs. S. C. Stanton, chairman of the tellers, referring to the uncounted ballots.

The election of officers at the last day of the sixth biennial of the General Federation of Women's clubs was full of dramatic interest. The result was the acceptance by ballot of the entire report of the nominating committee.

FIRE IN PONTIAC CELLHOUSE

Coolness of Officials Averts Panic Among the 300 Inmates.

Pontiac, Ill., May 9.—A disastrous fire at the Illinois state reformatory destroyed the north cellhouse block, which was supposed to be the strongest and best of its kind in America. There were over 300 inmates in the cellhouse when the fire broke out and panic was averted only by the timely assistance of officers who were off duty. The inmates were immediately rushed to the south cellhouse and for a time it seemed as if this too would be burned and company F was called to quarters. In case its assistance would be needed.

CONGRESS ADMITS THREE NEW STATES

Bill to Admit Arizona, New Mexico and Oklahoma Passed the House Today.

Washington, May 9.—A bill to admit Arizona, New Mexico and Oklahoma to statehood passed the house this afternoon.

MAKE DEMAND FOR STATE FORESTER

Milwaukee, Wis., May 9.—A state forester and a general Arbor Day meeting in Milwaukee are two objects which the Milwaukee Outdoor Art and Improvement association intends to strive for. Announcement to this effect was made at the meeting of the association at the Hotel Pfister yesterday afternoon. The arbor day meeting will not be carried out until next year, but the state forester is held to be needed at once, and efforts will not be relaxed to stimulate popular sentiment in all parts of the state for the purpose of making it possible.

SUSPENDS HIS RIGHT TO VOTE

Indiana Judge Sets Precedent in Case of Man Charged with Drunkenness.

La Porte, Ind., May 9.—Judge Tutbill, presiding judge in the superior court, sentenced William Henke to thirty days in the county jail, a fine of \$100 and disfranchisement for three years. This is the first time in the history of the state that a citizen has been disfranchised because of drinking habits. Henke is a confirmed drinker. Judge Tutbill took this drastic measure to reform him. When sober he is a good citizen.

NORWEGIANS ARE UP IN ARMS; INDIGNANT AT DAHLE'S BETRAYAL

Dr. Rasmus B. Anderson's Paper, "Amerika," Comes Out with a Vigorous Roast of La Follette for His Silence in the Matter.

Madison, Wis., May 9.—The Amerika, published by Rasmus B. Anderson today prints the following editorial, rehearsing the details of the betrayal of Congressmen Dahle by Governor LaFollette:

"The betrayal of Dahle has already cost LaFollette many supporters and the opposition grows every day like an avalanche as the people are rapidly finding out how shamefully Dahle has been treated. The episode has countless ramifications, and wherever the cover is removed there is a bad odor of corruption."

"But the LaFollette machine had no intention of seeing Dahle re-nominated. LaFollette simply wanted Dahle's assistance in securing Dane county and, this accomplished, his purpose was clearly to turn the Dane county delegates over to Lettsch of Columbia county. But he acted the dog in the stable. The dog with the piece of meat in his mouth seeing his shadow in the water and trying to secure both pieces of meat saw his own meat sink in the bottom of the brook."

KRESS STICKS TO HIS STORY

Jerre Murphy Had Power To Act as La Follette's Representative.

PROPOSAL'S DIRECT

The Governor Himself Delegated Authority to Make Overtures to Payne.

STATEMENT OF KRESS

In an interview printed in the Milwaukee Sentinel H. G. Kress of Manitowoc, who was in Milwaukee yesterday relates facts which throw new light upon the subject of the proposed combination between Governor LaFollette and Henry C. Payne, correspondence relating to which matter was printed in The Sentinel Wednesday morning. As the letters were not obtained from Mr. Kress, and as his version of the case was not received before the correspondence was printed, the facts now related by him are of more than passing interest, corroborating as they do all of the main points that appeared in the original article. It appears from Mr. Kress' interview that:

Substance of the Interview
First—He met Robert M. LaFollette at the Plankinton house at the time the state convention was held in April, 1900, and that he then discussed the harmony proposition with that gentleman in the presence of W. D. Hoard and Nils P. Haugen.

Second—That Mr. LaFollette expressed himself as being desirous of promoting harmony. That on his return to Manitowoc Mr. Kress wrote to Mr. LaFollette on the subject and received a reply, which has not been published because it was marked "confidential."

LaFollette Authorized Conference
Third—He took up the matter with Mr. Payne by letter and after receiving a favorable reply from him he made an appointment in a conversation by telephone with Mr. LaFollette for a meeting with a representative of the latter.

Fourth—He kept the appointment and met Jerre C. Murphy, who appeared as the representative and duly accredited agent of Mr. LaFollette; that the two met Mr. Payne at the office of the latter; that an agreement not having been reached, Murphy and Kress retired for the purpose of arranging or agreeing upon the proposals to be presented to Mr. LaFollette and Mr. Payne; that an understanding was reached by the two and Mr. Kress submitted a draft of the points mutually determined upon to Mr. Payne by letter.

Negotiations Fell Through
Fifth—Mr. Payne refused to bind himself not to take an interest in the senatorial contest and the negotiations fell through. Subsequently Mr. Kress states, he received two letters from Mr. LaFollette, one at his home in Manitowoc, which appeared with the printed correspondence, and one at Welsboro, Pa., where he was visiting, and which transmitted a copy of the LaFollette interview printed in The Sentinel, both of which letters he forwarded to Mr. Payne.

In his interview Mr. Kress makes no effort to explain his activity in this matter other than to say that he acted for what he believed to be the good of the republican party. He confines himself to a plain, matter-of-fact statement of the details of the negotiations so far as he had an interest in them or contributed to their progress.

Willing to Publish First Letter
Mr. Kress concludes his statement as follows:

"I mentioned before the fact that a certain letter marked 'confidential,' written to me by Mr. LaFollette, was not included in the published correspondence."

Continued On Page 2.

The News From County Towns.

FOOTVILLE.

Footville, May 9.—The ball game on last Saturday between the nine from the "patch" of Janesville and our home team resulted in a score of 8 to 18 favor of Footville.

Mr. and Mrs. Fred Snyder entertained friends over Sunday.

Will Brown, of Magnolia, acted as postmaster Saturday while our postmaster was gone to Evansville.

Mrs. J. U. Fisher returned to her home in Evansville Tuesday after having visited a few days here.

John P. Devins our village blacksmith was in Janesville on Saturday looking up prices of automobiles.

Lenard Klatt has a new carriage. P. H. Torphy is busy these days treating his new house to a coat of paint.

The work on the Disciple church is progressing rapidly. The lathes are now doing their part of the work and the walls will soon be ready for their plasterers.

Mrs. Ellen Strang attended the funeral of a relative in Evansville on Monday.

G. D. Silverthorne is still running his tobacco warehouse here. However, he expects to quit about the middle of this month and will have a good sized packing of tobacco put up.

The many friends in this place of A. G. Henry of Afton are pleased to know that he is to be a candidate for the office of superintendent of schools and of course think that he stands a good show to win out.

D. W. Pepper came very near losing a valuable cow lately, but Chas. Winship, veterinarian of Evansville, succeeded in bringing her out all right.

The Misses Knudson, of Magnolia, rendered several appropriate selections at the devotional meetings of the union service at the M. E. church Sunday evening.

The many friends of Miss Fannie Richards will be pleased to learn that she has finished her course at Dixon where she has been attending school.

Art Wiggin received a fine new carriage as a gift from the children of his parents.

The decorators are now at work in the interior of the M. E. church and promise to work great changes for the better by the time they get through.

Dan Ryan from Janesville was a caller here on Saturday.

EDGERTON.

Edgerton, May 9.—Miss Effie Bowen is home from Rockford for a short visit.

Ralph Lidicker and Miss Maud Trevorah spent Sunday in Fort Atkinson and Jefferson.

Mr. and Mrs. Fred Campbell were visitors to Milton on Saturday.

A merry-go-round has settled in town looking for the small boy's nickels.

Dr. H. W. Stillman and wife returned last Wednesday from Florida where they have been to spend the winter.

Miss Stella Ogden entertained Mrs. Bessie Howard of Milton on Wednesday.

Arbor Day will be observed by the city schools on Friday, the exercises to be held in the Congregational church.

Mrs. J. F. Ware and daughter spent the later part of last week with Mr. Ware in Milwaukee.

Mr. and Mrs. F. W. McKinney attended the funeral of Mrs. McKinney's aunt, Miss Francis Walker, of Evansville on Monday.

Pierick Bros. held their opening sale in their new store on Monday. The store was prettily decorated with pink and palm leaves and a beautiful rose was given as a souvenir to each visitor.

Pruyn Bros. are getting up a restaurant and ice cream parlor in the Schmeling building. The place will be known as the "Don Ton."

Mr. and Mrs. Littlejohn, of White-water, were visitors at the home of C. F. Mabbet Thursday of last week.

Rev. C. M. Starkweather, of Milton Junction will preach at the M. E. church Sunday.

Members of the gun club have secured the lease of land near the ice house belonging to Peters & Son where they may practice and also hold their shooting matches.

Mrs. T. B. Earle was surprised last Thursday evening by the members of the Culture Club. One feature of the surprise was a "pillow shower," each one presenting Mrs. Earle with a sofa pillow.

The remains of Mr. Jacobson were brought here from Stoutenon on Monday for burial. Mr. Jacobson died from injuries received while working near a saw. A timber being thrown by the saw and striking him in the chest. He leaves a wife and one daughter, Mrs. F. J. Harzher of this place.

Mrs. Slack, of Chicago, died at the home of her sister, Mrs. F. H. Martin Tuesday of consumption. The remains were taken to Chicago on Wednesday for burial. A husband and a daughter of three years are left to mourn her loss.

ALBANY.

Albany, May 9.—Mrs. Mike Wall visited in Janesville on Monday and Tuesday.

Mrs. Marion Wilson is spending the week with her parents Mr. and Mrs. George near Evansville.

George Webb is quite sick with new ralgia.

Mrs. Wm. Smiley and two children left for Minnesota Tuesday to visit relatives.

Mrs. Clapp of Illinois is visiting her daughter, Mrs. W. D. Roberts.

Mrs. Charles Jacobson and Miss Tillie Reberg visited friends in Brodhead Saturday.

BURR OAK.

Burr Oak, May 9.—Mrs. Wylie, who has been very sick is a little better at this writing.

Miss Milda Hubell returned to Janesville High school last Tuesday, after a week's absence, caused by being vaccinated.

Mr. W. B. Ald of Edgerton, visited his sister last Saturday.

Miss Lizzie Pope, of this place, is

visiting her sister Mrs. Walker of Evansville.

Mr. John Carney sold his fine driving mare Kit, to Janesville parties, yesterday. Consideration, \$140.

Mr. and Mrs. Grover Lane, of Beloit, Sunday with friends in this place.

MILTON.

Milton, May 9.—The fire department will take charge of the Fourth of July celebration here this year and there can be no doubt of its being a success. An interesting program will be prepared and the attractions offered will be worthy of the crowd that will attend the celebration from far and near. The profits from the privileges go into the treasury of the department, an organization in which every villager is interested. Business men will have it in charge and the affair will be conducted on business principles.

Wilfred E. Clark, son of Martin E. Clark, was among the lucky number who passed the examination at Annapolis, Md. Out of seventy-five who took the examination, thirty-six passed. We are pleased to note his success. It is quite an honor, but no more than we expected of him. He is a young man of splendid capacity and we predict that he will make his mark at the academy and in the navy.

(Elizabethton, Mountaineer Tenn.) The father of this young man is a former Milton boy, who is now the superintendent of a large line and twine factory at Elizabethton and has relatives here.

The Mansfield Creamery is receiving ten thousand pounds of milk daily now.

Rev. D. S. Eldridge, of Oconomowoc has been in town this week.

Clern W. Crumb left for Chicago Tuesday.

Mrs. E. F. Arrington, of Marlon, Iowa, is visiting here parents.

Mrs. A. S. Blount, of Chicago, spent Tuesday and Wednesday here.

Arthur Castle, of the Milwaukee Fire Department, visited his brother-in-law this week. He has been an engine driver in the department for fifteen years.

Mrs. W. W. Clarke went to Chicago Wednesday for a few days visit.

F. E. Osborne is making some improvement, but is not able to sit up yet.

Rev. Frank Millar, of Frankville, has been spending the week with his father Rev. W. T. Millar.

The Buzzards put \$12 in the Good Templars treasury.

Rev. M. B. Kelley spent Saturday in Chicago.

The recent rains and warm weather have been of great benefit and vegetation, is making a wonderful growth.

County Treasurer Rice spent Thursday at home.

FAIRFIELD.

Fairfield, May 9.—Mr. J. Hackwell drives a fine new carriage this spring.

Another dance was given at the M. W. A. hall last Wednesday night.

Mr. and Mrs. B. Conroy and children of Delavan, were guests at J. Cutter's Monday.

The heavy showers have given vegetation a fine start and Dame Nature now presents a beautiful picture.

S. Locke is hauling material for the remodeling of the house soon to be occupied by Mr. and Mrs. Florin.

Last Friday morning C. H. Robinson was quite surprised to find that the wind had unroofed one of his barns, during the night.

J. Cutter and H. Wilkins have been canvassing for the sale of shares for the re-building of the creamery and have nearly enough subscribed for the erection of the building. A party from near Berlin, Wis., is willing to furnish the machinery if a building is provided.

BRODHEAD.

Brodhead, May 9.—Mr. E. J. Dodge was in Chicago the fore part of the week.

Mr. Oscar Roen, of Orfordville, was a Brodhead visitor on Monday.

Misses Anna and Katherine Stewart, spent Sunday in Madison with their sister Harriet.

Mrs. M. Nallor went to Janesville Saturday afternoon to visit her sister Mrs. Allie Dies.

Mrs. D. L. Amerpohl enjoyed a visit from her sister Mrs. Rosecrans, of Belvidere, last week.

Miss Lotta Bowen went to Monroe last Saturday and was the guest of Miss Jessie Roentree.

Mrs. A. M. Bowen and daughter Miss Katherine Bowen, spent the day in Janesville, Saturday.

Miss Letha Clemmer and Mr. J. H. Durst, of Monroe, were married May 1st, at Algona, Iowa. They will be at home to their friends in Monroe will join in hearty congratulations.

after June 1st. Many friends here Mrs. Nellie Berryman was the guest of her sister, Mrs. Jewell Newman, in Monroe last Thursday.

Mr. David Roderick and daughter, Miss Grace Roderick, of Juda, were in this city on Thursday last.

Mrs. Bertie Clarke left on Monday afternoon for Ft. Atkinson, where she has been the guest of Mr. and Mrs. Al. Holmes.

Mrs. Wm. Cobb and Mrs. W. R. Skinner and daughter, Miss Nellie Skinner, spent Wednesday in Janesville.

Mr. John Keenan has secured the services of Mr. John Dale, of Dodgeville, to take the place of Mr. Sam Sleek, who has moved to Freeport.

On Saturday last, Mr. D. E. Hooker

went to Chicago, bringing his mother home on Monday in company with Mr. Hooker, who went down Monday morning. She stood the journey well and is getting along finely.

Dr. J. L. Fleck was in Janesville on Monday.

Mr. Jesse Graham was in Milwaukee on Tuesday.

GIGANTIC BLAST IN THE CITY QUARRY

Crushed Stone Furnished for Ballast and Macadam—Work of the Crushing Plant.

One of the most successful blasts at the city quarry, near the western limits of the city, was made yesterday afternoon about 4 o'clock when 1,000 cubic yards of limestone was loosened from the bed where it had lain for thousands of years. A mass of stone 30 feet long, an equal number of feet wide and ten feet deep was lifted into the air and broken into fragments from the size of walnuts to the size of a dog house.

Twenty eight holes each about three inches in diameter and ten feet deep had been drilled in the rock about four feet apart. Into each hole was put nine sticks of dynamite, each weighing about a pound.

A fuming cap is put into the dynamite and connected with the surface. The upper part of the hole is compactly filled and tamped with stone dust, moistened so it will set like lime. An electric battery is placed on the hill about 200 feet back of the quarry from which a wire connects with the wires in the holes, making a circuit and returning to the battery on another wire.

When all is ready the signal is given, the man at the battery lifts a lever and presses it down and with a mighty explosion the mass of stone rises about 30 feet in the air in various sized fragments. Some of the larger stones will have to be raked with small charges of dynamite. The stones are all cracked until the larger ones are about the size of a man's head.

The stone is shoveled into a small dummy car holding about a yard and a half. The car is pulled along a narrow gauge track with a steel cable to the crusher where it is dumped and the stone passes into the crusher that grinds the rock into any desired size. Three sizes are made, from the smaller, about like peas; the second, about like hickory nuts; and the third like walnuts, or a little larger.

From the crusher the rock falls into the pockets of a carrier and is conveyed up about twenty-five feet and dumped into a bin, each size in a separate bin. In loading the teams drive under the bin, pull a lever at the bottom of the bin and the crushed stone falls out into the wagon of its own weight.

The stone crushing plant, which is one of the best in the west, is in charge of Alderman J. B. McLean, who has the happy faculty of getting the best results from the outfit. Everything runs in a smooth manner. Eighteen men are employed at the quarry and crusher and they do most excellent work.

Alderman McLean is now furnishing stone for macadamizing the track of the Interurban railway, but next begins to furnish stone for Brown & Connors, who are macadamizing South Jackson street, then the plant will run its full capacity of about 100 yards per day.

It would be well for every tax payer in the city to visit the stone crushing plant and see what excellent work is done by Alderman McLean.

Y. M. C. A. Annual Meeting.

An adjourned meeting of the Y. M. C. A. will be held on Monday evening at 7:30 for the annual election of officers and such other business as is deemed necessary to come before the meeting. A full attendance of all members is desired.

Many New Ideas For the Neck

SENATOR VEST TALKS OF 1864

Gives Inside History of Lincoln's Conference with Confederates.

MR. TILLMAN IS MISTAKEN

His Statement That "Old Abe's" Only Condition Was "Save the Union" Emphatically Denied by Gentlemen Who to Service of Southern Senate.

Washington, D. C., May 9.—The Philadelphia debate in the senate was marked by two sensational features, one of which will become historic.

Senator Vest of Missouri, who is the sole survivor of the twenty-six members of the Confederate senate, made public for the first time the inside history of the famous interview between President Lincoln and the leaders of the Confederacy at Hampton Roads in 1864.

At this conference there were present, besides Lincoln, William H. Seward, secretary of state of the United States; Alexander H. Stephens, vice president of the Confederate states; R. M. T. Hunter, former United States senator; and John A. Campbell, former justice of the United States supreme court.

In his speech Senator Tillman of South Carolina referred to this historic interview, alleging that Lincoln wrote, upon a piece of paper, "Save the Union," then, handing it to Stephens, said:

"Alex, take this paper and fill up for yourselves the conditions of peace between the two countries."

Mr. Vest said the story had been denied by John H. Reagan of Texas, who was the last surviving member of the Confederate cabinet. He knew personally, said Mr. Vest, without having been present at that celebrated interview, that the incident was without the slightest foundation.

"If true," said he, "it would place the government and officers of the Confederate states in the category of criminals, because it offered the Confederacy all that it ever demanded in the wildest hope of the most extreme partisans of that cause if they would only return to the Union."

A deep silence had fallen upon the chamber and every senator on the floor listened to him with rapt attention. With great deliberateness he continued:

"If true it would mean that the Confederates could have placed on that sheet of paper the perpetual establishment of slavery and the right of secession, the most extreme demand that had ever taken locally even in the dream of any Confederate."

From the lips of Stephens and Hunter had come to him, he said, the details of what took place. Upon the return of the commissioners of the Confederacy he heard their official report, as Mr. Reagan heard it, he being a member of the Confederate senate.

"I am to-day the only surviving member of the twenty-six gentlemen who acted as Confederate senators," he said.

Mr. Vest then stated that what did happen at Hampton Roads beyond question was this: When the President and Secretary Seward met the commissioners of the Confederacy, Mr. Lincoln, addressing himself to Mr. Hunter, whom he knew well, said:

"In the first place, gentlemen, I desire to know what are your powers and instructions from the Richmond government," avoiding, said Mr. Vest, as Mr. Hunter told him himself, the words "Confederate States."

Mr. Hunter, to whom the inquiry was addressed, said:

"Mr. President, we are instructed to consider no proposition that does not involve the independence of the Confederate States of America."

"Then," said Mr. Lincoln, "the interview has as well terminate now, for I must say to you, gentlemen, frankly and honestly, that nothing will be accepted from the government at Richmond except absolute and unconditional surrender."

Mr. Vest said that this terminated the interview, and as the Confederate commissioners retired President Lincoln, addressing Stephens, who was the last to go out, said:

"Stephens, you are making a great mistake. Your government is a failure, and when the crash comes, as it must soon come, there will be chaos and disasters, which we cannot now foresee, which must come to your people."

"This account of that interview," continued Mr. Vest, "substantially and almost word for word, as I have given it, came to me from Mr. Stephens and Mr. Hunter."

Mr. Vest said that he considered it his duty to make this statement in order that history may not be falsified; in order that the men who were said to have refused this offer at the hands of President Lincoln should not be made to sin in their graves.

EULOGY OF SAMPSON.

Official Order by Secretary Moody Sounds Prayers of Late Admiral.

Washington, May 9.—Secretary Moody, in the formal order announcing to the service the death of Admiral Sampson, says: "By the universal voice of his associates he was marked as one of those upon whom the responsibility of high command might rest safely. That command became his in the war with Spain. The

"Read the report! Read the report!" Others shouted: "Let's have fair play; no gag law here." And amidst it all jeers and cat-calls and hisses were directed at the head of the chairman of the convention.

Finally Speaker Sherman got himself heard and said, addressing Judge Haney, who was standing directly alongside of Northcott: "I think I can simplify this matter to you gentlemen will allow me a suggestion. I will ask the chairman of the committee as a personal favor to submit the minority report as an amendment to the main report."

Then all eyes were turned on Judge Haney and there were more cries of "Fair play; fair play; no gag laws," and "Put in the amendments; let the report be read."

Judge Haney, however, gazed over the assembly and calmly refused. "Were it a matter personal with me," he said, in a voice which could be heard all over the hall, "I would be glad to accommodate the gentleman from McDonough County. It happens, however, I am not acting in my personal capacity, but am the servant of the committee and cannot introduce the report except under instructions from it."

Hardly had the words left his mouth before Northcott ordered the roll call on the 'previous question, and all opportunities to debate, substitute amendments, or do anything else were cut off unceremoniously.

Regarding this action and the general action of the convention, Senator Mason said:

"I will succeed myself as United States Senator for Illinois. I have made no fight for state delegates. If it was a straight Republican convention it could have nothing to do with selecting a United States Senator. Certainly a convention made up by

brutally unseating regularly elected delegates and seating those elected by ballot box stuffing and boodle could have nothing in common with Republicanism. The ultimate effect will be to elect me and to defeat Mr. Lorimer for Congress, defeat the Cook County ticket, and greatly endanger the State ticket."

MALCOMB FORD A MURDERER

Shoots His Brother and Then Uses Revolver on Self.

New York, May 9.—The end of the long existing trouble among the children of the late Gordon L. Ford, millionaire and real estate lawyer of Brooklyn, came in the shape of a tragedy, which deprived literature and the athletic world of distinguished figures.

Paul Leicester Ford, the author and favorite son of the millionaire, was shot and killed at his desk by his disinherited brother, Malcolm Webster Ford, former champion all-around amateur athlete of America.

Malcolm calmly surveyed his dying brother for a few moments and then shot himself dead.

It was to Malcolm's devotion to athletics that the cause of the tragedy may be traced directly. Before the death of his father, nearly eleven years ago, the young man had attained the first rank among amateur athletes. His father was very much opposed to all this. The elder Ford had accumulated a large fortune as a real estate lawyer and desired to have his son devote himself to business, but the young man declined to accede entirely to his father's wishes. The result was that when Gordon Ford made his will he left Malcolm out of its provisions.

H. H. Clough came up from Belmont yesterday, and looked over the work on the inter-urban.

Mercury and Potash

ONLY SERVE AS A MASK FOR CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking out in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial Rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system.

S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ and fibre of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1,000 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.

WEATHER FORECAST.

Partly cloudy tonight; Saturday fair.

A PRACTICAL INDUSTRY

Wheeler, of Beloit, was present at the business men's meeting Tuesday evening and talked at length on the era of unusual prosperity that is being enjoyed by Line City. He said that 400 new houses would be built there during the year, and that they would be completed today if completed. The reason why Beloit is so prosperous, Mr. Wheeler attributes to the fact that the workmen employed are largely mechanics. He says that Beloit turns out more heavy iron machinery than any city in the west side of Chicago and Milwaukee. The city is simply crowded beyond capacity and Mr. Wheeler, who has engaged in manufacturing, is going to invest some of his capital energy in Janesville. He has secured a 60-day option on the lower mill, with a view to establishing a plant for the manufacture of iron machinery in which he is interested.

A plan of operation was not given but it contemplates a factory which will employ within a reasonable time 100 skilled mechanics. He takes hold of the enterprise, he wants to control land enough in vicinity of the factory, to accommodate houses for the workmen, and citizens will be asked to do nothing to help him out, either by giving lots and building houses to him or in some other way. His plan is not yet fully developed.

Mr. Wheeler made one statement regarding to Janesville that commends it to any one who has the interests of the city at heart and that what the town needs today is not any other one thing, it is a policy that employ men. This fact has long been apparent, and never so than today. The Cotton buildings are large enough to accommodate at least 500 workmen. Janesville would go out after some of these industries, as Beloit has done, and the population could be increased within the year. This would increase value for real estate, business for merchants, and a substantial growth and prosperity to the city. No town in the state has a better railroad facilities or a better service. It can double its population in a dozen years if the spirit of enterprise manifest of late, is maintained. When the Beloit, Chicago and Milwaukee, there are ready to report, there would be a liberal attendance and Mr. Wheeler's proposition is at all times; it should be adopted and project put on its feet. Mr. Wheeler is neither a stranger nor a money promoter. He is one of the city's successful manufacturers, attracted to Janesville because the location is good and a building available for immediate use. He has no bricks to offer, nor mining or schemes to exploit, neither is he any experiment about the business in which he is engaged. When proposition is made, people will that the investment will be safe and profitable. The place to spend money is at home.

WOMEN'S FARCE AT LOS ANGELES

Political bigotry and race animosity had an apparent easy victory at the biennial convention of women's clubs in session at Los Angeles that has been adopted nominally a compromise upon the color question in fact a complete surrender of the northern clubs to the distinctly superior fact which directs the bigotry of the convention. There is assuredly no reason or common sense why educated and refined women belonging to the yellow, brown or the black races should cooperate with other intelligent refined women in promoting injury and philanthropy. No question of social intercourse was involved.

Political bigotry so completely dominated the women at Los Angeles that a rule has been adopted requiring the unanimous vote of the membership committee to admit any delegate. "In case of a tie" the question amusingly referred to the board of directors and a three-fifths vote that body will be required to elect a brutal and transparent subterfuge designed to keep out women of the American colored blood. It elected delegates by state clubs was elected by an overwhelming majority.

Whether on thinking the thing over, self-respecting women who also respect the constitution of the United States will desire in any considerable number to remain monetary supporters of the farcical and now un-American National Federation of men's clubs is a question the answer to which unbought women belonging to women's clubs will await with considerable interest.

The conviction has been growing steadily throughout the women's clubs of the country that the National Federation is both useless and ridiculous. This conviction will now become more general and its effect will be the saving of considerable money for more dignified club uses than a biennial orgy which has ceased to be

merely absurd and has become malignant.

It would have been vastly more to the credit of the Los Angeles convention if the majority had frankly voted that they are in favor of reducing again to slavery all women in the United States whose blood is not pure white.

A chemical investigation of blood corpuscles might, it is true, render the strict application of such a decision acutely embarrassing in many unsuspected places.

The triumph of political bigotry and social barbarity at Los Angeles is a shame to American womanhood. —Chicago Chronicle.

The Chronicle may state the case a little strong, but the action of the women will be criticised more or less severely. It is unfortunate that a national organization should be influenced by sectional strife. Intelligence is entitled to recognition and there is no corner on intelligence. The association made a mistake.

NORTHERN SECURITIES CO.

The answer filed by the Northern Securities Company, sets forth the fact that the company neither owns nor operates railroads. That while it has the power to fix rates that no advance has been made, but instead a decline, which has reduced receipts \$1,000,000. Whether the answer will be satisfactory to the courts is a question. The power vested in this class of corporations is regarded as a menace by the people, and while it may not be abused, the danger of abuse will doubtless be taken into account.

The man behind the Northern Securities company are not novices. They may have violated the anti-trust law, in its literal translation, but it is safe to assume that the spirit of the law they intended to observe. The fact that the first act of the company was to reduce rates, is evidence that they recognize the court of public opinion. Railroads are not built for ornaments, neither are they operated for glory. The good will of the traveling and shipping public, are stock in trade. It would be suicidal for a transcontinental road to adopt an arbitrary policy, and there is no danger of this being done. The Northern Securities company may be dissolved, but it is safe to say that the genius that devised the plan, is capable of working out some other scheme that will accomplish the same purpose, and that the dear public will not suffer as the result.

WHO IS RESPONSIBLE?

Senator Lodge added to his reputation as a statesman, in his able defense of the American army in the Philippines. His address before the Senate, a few days ago, was strong and convincing. He took the ground that the army was an American institution, of which every citizen had occasion to be proud and while individual offenders should be severely punished, that the army as a whole, was entitled to the most loyal support. He pointed out the fact that it is easy to stay at home and criticize but that it required patriotism and sacrifice to become an exile in the far eastern islands.

The army of the United States is managed from Washington. If officers are incompetent, the authorities are in position to know it, and if they lack the ability to correct it, blame should attach. The management of any corporation is the responsible party and this is just as true of the army as of a private enterprise. If Secretary Root has been unfortunate in selecting his officers, he should suffer the consequence. The army is an important department of government. It represents more than companies and battalions, or a dress parade display. It may be numerically weak, but back of it is the emblem of a great nation and wherever the stars and stripes are hung to the breeze, the power of defense is not corrupted by the squad of men on the ground.

The boys in the Philippines are doing picket duty on the advance line of civilization. They have endured hardships and while contending with foes in the field, they are entitled to better treatment than attacks at home.

Senator Lodge is doing good work for the army.

Admiral Sampson is dead and naught but the kindest sentiment will be expressed. He was one of the many heroes, not discovered until the war with Spain gave prominence to the class of American seamen, that are noted for intelligence and bravery and he contributed largely to the success of our fleet off Santiago. When history is recorded, his name will stand out prominently as a brave and efficient officer.

The Milwaukee Free Press claims that Kress, the author of the now famous letters, is a harmless individual, noted for letter writing and notoriety. The paper has but little to offer for Jere Murphy and the Governor. The correspondence will require a good deal of explaining and when the evidence is all in, it will be discovered that the Governor was playing a desperate game of politics, to win.

Kansas has stopped looking for freaks, and has discovered gold. Chemical experiments have been in progress for some time and the tests finally determine that low grade ore in the shape of surface shale can be milled at a profit of 80 cents per ton. The fields are inexhaustible, and now that beef has gone out of fashion, Kansas can turn undivided attention to gold brick of home vintage.

Eddison tells Santos-Dumont that his air ship is impractical. The great inventor thinks that the air was made to breathe, and he has no notion of trying to compete with the birds on 'atmospheric' navigation. There are a great many people who live in air castles, that might accomplish more with their feet on the ground.

The advance of beef has effected the price of beer. Many people who were accustomed to eating have taken to drink and the beverage has gone up 40 cents a barrel. The necessities of life seem to be on the rampage. If there is a beer trust, the cash system should be adopted.

Life is largely what we make it, but there are a great many structures that need repairing and refurbishing.

There is a limit to human endurance, but there is no limit to a game of politics, when a man is absorbed with ambition.

The Kress letters read like a political romance.

PRESS COMMENT.

Evening Wisconsin: The selection of E. S. Bragg alert and vigorous at 75, for the lucrative and honest post of consul-general at Havana does not seem to bear out the theory of Gen. Earl M. Rogers that "there is no chance for the old man."

Waukesha Freeman: What has become of all the talk about gubernatorial candidates? Apparently some people have come to the conclusion that John M. Whitehead is a stayer. The farther they get into the future the more satisfied they will be of it.

Racine Journal: The fourth Whitehead letter proves conclusively the Stevens primary bill, if law would disfranchise every independent voter. California courts decided an act of similar import in that state was unconstitutional.

Milwaukee Journal: Let's see how was that? The game warden cost the state nothing because they are paid out of the license fund derived from hunters. Yes, good argument, of course. So, as a like matter, of course the license of the railroads are not taxes and they pay none whatever. Oh! these organs! They are daisies.

"Well, daughter," observed the kind father, "now that you have gone through college at an expenditure of four years' time and \$6,000 in real money, and as near as I can study it out, you show a net gain intellectually of being able of reciting your class yell and possess a new and strange accent in your voice. I can't help wonder what is that vocation in life you said all this education in life was to fit you for. Were you intending to be a brakeman?—Baltimore American.

Sheboygan Telegram: The Washington Times states that it was a certain Wisconsin representative, and not a Kentucky man as heretofore stated, who was observed in his hotel room, holding a pitcher under an electric button, over which was printed a sign "push twice for water."

Merrill Advocate: Governor La Follette is to speak at the Norwegian Independence Day celebration at Eau Claire. We wonder if the governor will tell the norwegians how he picked up one of their number and made a congressman of, and how at the behest of his silk stocking supporters took that same norwegian and tossed him over the fence and into private life again. Bob is a big boss but he hardly will boast of his boss business to the Norwegians at Eau Claire.

NEW PASSENGER TRAIN SERVICE

ST. PAUL ADDS NEW TRAIN TO NEW GLARUS AND RETURN.

The Company Has Also Found It Necessary, on Account of Increased Business, to Enlarge Its Round House in Janesville—Begin Work on the New Depot.

The Chicago, Milwaukee & St. Paul company have added a new train to their passenger service that will be a great convenience to the traveling public, who wish to go to New Glarus and return. The company have put on a train which runs from New Glarus to Brodhead, and connects with the train from Monroe and Mineral Point, due here at 4:45 p. m.

Before this train was put on the only way that a traveler could get from New Glarus to Janesville after the morning train, was by a freight which gets here about 9:30 at night. The new run will be a great accommodation for the people at New Glarus, Albany and Monticello.

The company have found it necessary on account of the increase in business to enlarge its round house and shop in this city and will start on the first of the week on the work.

The main building of the round house will be enlarged by the addition of three stalls for engines. The shops at the rear of the building will be greatly enlarged and new machinery added. These improvements will add much to the convenience of the round house and give them facilities for taking care of the engines as they come in. The enlargement of the shops will put them in shape so that they can handle any ordinary accident that might happen to the engines.

The company have also determined to remove the old passenger station when the new station is finished. Their idea at first was that they would move the building back onto their lot on West Bluff street. Supt. Eldredge found that this would interfere with their tracks and after talking the matter over with President A. J. Earling it was decided to remove it entirely.

F. W. Steig, of Chicago civil engineer for the company and H. C. Lawson, division superintendent of construction for the same road arrived in town yesterday and this morning began driving stakes for the new passenger station of the Milwaukee road.

Their first work was in determining the bounds of the easterly thirty feet of High street, which will be left open for teams and pedestrians. This was done with the assistance of City Engineer C. V. Kerch.

The temporary site of the old freight depot, which will be moved back and used for a transfer station for a time will be determined upon as well as the moving of several side tracks.

Mr. Lawson states that the work of excavating for the new station will commence some time next week and the work pushed to completion.

IN THE VALLEY OF THE SHADOW

Mrs. Gustav Schumacher Dead

This morning at 8:15 o'clock death entered the home of Gustav Schumacher at the corner of Walnut street and Western avenue and claimed as his victim his loving wife, who had been confined to her bed since about the first of February.

The deceased was born in this city twenty-eight years ago and had lived here all of her life.

A large circle of relatives and friends mourn her death.

A husband and three children are deprived of her love. Agnes, aged 8 years; George, aged 6 years; and Nellie, aged 2 years. The funeral will be held at St. Patrick's church on Sunday afternoon at 1:30 o'clock.

Michael P. Fanning Dead

Michael P. Fanning, twenty-three years of age, the son of Mr. and Mrs. Bartley Fanning of the town of Harmony, passed away last night at 11:55 o'clock after an extended illness with consumption. He leaves to mourn his death a father and mother, four brothers, Patrick, James, Terrance and Francis and five sisters, Mrs. Mary Hanlon, of Beloit; Bridget, Nellie, Maggie and Irene Fanning, of Harmony. The funeral will be held on Saturday afternoon from St. Mary's church. The interment will be at Mt. Olivet cemetery.

Ira A. Palmer Dead

C. A. Palmer, No. 53 Terrace street of this city, today received the sad news of the death, May 7th, of his cousin, Ira A. Palmer, of Stoughton, Wis., aged fifty-six years. Deceased was a member of the 12th Wis. battery and a member of the G. A. R. of Stoughton. He came to Janesville in 1852 and spent his boyhood days here and later removed to Stoughton. Funeral services will be held at his late home in Stoughton, Saturday, May 10th at two p. m.

Little Erma Rowe Dead

Little Erma, the sixteen months old daughter of Mr. and Mrs. Charles Rowe of 151 Western avenue, passed away this morning, at 2 o'clock, after a short sickness with diphtheria. The funeral will be held at 10 o'clock Saturday morning, and the interment will be at Oak Hill.

City Engineer Kerch was engaged yesterday in laying out the cement walks at the court house. He is now working on the grade of N. Franklin street and Wall streets which are to be macadamized.

The fourteen months' old son of Mr. and Mrs. William Ingle, residing on the Magnolia road died yesterday noon of scarlet fever. The funeral was held today, interment being at the cemetery north of the poor house.

Next Tuesday afternoon the members of the Mississippi Golf Club will engage in an eighteen hole match for position on the teams. The match will be followed by a club supper, which will be the first of the season.

In Justice Reeder's court this morning, in the case of the Rock River Machine Co. vs. the Janesville Water Co., as garnishee of Milton Cornell and Carlton Cornell, judgment was rendered in favor of garnishee against plaintiff for \$5.23 costs and garnishee dismissed.

The Rock County Republican committee will hold a meeting at the court house on Saturday afternoon at which time a date will be set for the convention to elect delegates to the congressional convention on May 27. There seems to be no opposition to Mr. Cooper.

The new curtain at the Myers Grand Opera house was hung yesterday and will be ready for the appearance of Rose Coghlan at the Elks' benefit. The curtain is a handsome piece of work and while it is an advertising curtain in a way, it does not seem like one, as the advertisements are worked out into the landscape scene which covers almost the entire curtain.

A reunion of the members of the First M. E. church was held in the church parlors last evening. The gathering was well attended, and an enjoyable time was had by all. The first half hour was devoted to prayer meeting, and the balance of the evening to a social session and a literary program.

Hayes Bros. are hustling the grading work for the sliding to the cement post factory, and have quite a stretch of it completed. The bridge men are busy getting out the timbers for the bridge across Spring Brook, near the wagon bridge, so there will be no delay in getting it in position as soon as the piles are down.

A splendid audience is assured for Monday evening's entertainment.

THE FIREMEN HAD BUSY TIME TODAY

Two Alarms Within Two Hours, and Both Fires Were Extinguished Without Their Aid.

The fire department had a busy time today responding to alarms. Two alarms within two hours is out of the ordinary and in both cases the fire was extinguished without the aid of the department.

The first alarm was turned in at 11 o'clock from box 38 at the corner of South Main and Sharon streets and called the department to the home of Sherman B. Phelps, 53 Sharon street, where a fire was in progress, but was extinguished by the neighbors with pails of water about the time the department arrived.

Mrs. Phelps had been doing some cooking on a gasoline stove and some papers in the oven caught on fire. She picked up the papers and threw them out of door to the kitchen, and as she thought, stamped out all of the fire. There must have been some left, and this was blown into a pile of dry leaves in the rear of the summer kitchen and out house and before the people in the house realized it the whole rear of the house was ablaze.

The neighbors across the street saw the fire and sent a boy to turn in the alarm while they fought the fire.

The second alarm came in from box 51 at the corner of Jackson and Milwaukee streets. The fire this time was in King's Pharmacy and was caused by the explosion of a can of carbolic acid which W. G. Palmer was heating. The acid was in a crystalline form in a tin can and Mr. Palmer set it on a gas stove to melt it. The flame was evidently too hot for it melted the bottom of the can and an explosion and fire followed. The flame caught the shelves in the prescription room but was extinguished before much damage was done. It was an exceedingly close call for a bad fire.

PURCHASE COAL YARD

Badger Coal Co. Acquire the J. W. Carpenter Property

The Badger Coal Co. have purchased the coal business of the late J. W. Carpenter, 103 North Academy street and will hereafter continue it in connection with their other coal and wood interests. The offices and sheds have been put in good repair and with the added facilities this company will be in better shape than ever to care for their increasing coal and wood business; the new yard will also be handy for country buyers and a strong bid for this trade will be made. The company now have a large carrying capacity and the coal is screened through revolving screens which is a considerable advantage to consumers. In a little over two years the Badger Coal Company have built up an enviable business, their trade extends outside the limits of Janesville in a wholesale way to many of the surrounding towns and their reputation for prompt delivery has become established to a marked degree. Their facilities for supplying steam plants and creameries are unsurpassed. Mr. J. D. Brownell, manager for the company here, stated that they had just been awarded the contract for supplying the State School for the Blind with 1,500 tons of soft coal the coming year. Several of the best brands of hard coal are handled; among them Scranton, Lehigh and Pittston, a large trade in wood is also enjoyed by the concern. The downtown office of the company is located at the Peoples' Drug Co., and the telephone number on both lines has been changed to 76.

First Regular Shoot

The Janesville gun club held their first regular blue rock shoot yesterday afternoon at Athletic park. Quite a number of shooters were present and took part in the sport. It has been so long a time since any target shooting has been done by the Janesville shooters that the scores were not up to the average. The strong wind also had a tendency to make the flight of the targets uneven and made shooting difficult. Five ten bird events were shot off. The following was the score:

Brown..... 1 2 3 4 5
Carter..... 4 8 6 7 5
Lefleyer..... 7 3 5 3 4
Winchester..... 3 5 3 1 4
Echlin..... 5 6 7 6 5
Parker..... 1 2 3 2
McKinner..... 1 4 3 1
Spaulding..... 1 4 3 1
Drake..... 7 7 6 5

CITY NEWS IN BRIEF

A marriage license was issued today to Thomas Heffernan and Elizabeth Vinoy, both of Janesville.

County Clerk Starr today sent notices to all members of the county board for a special meeting on May 28.

Tomorrow morning at seven o'clock Amos Rehberg & Co place on sale ladies hand turned oxfords at \$1 per pair. At this low price it will stand every lady in hand to make early purchases.

Santa Claus soap, 7 for 25c.

Swift's Pride, 8 for 25c.

Fairbank's Gold Dust, 15c.

W. W. Nash.

The beef trust is at present having troubles of its own but we are not having any trouble in satisfying a large percentage of Janesville people with our line of E. B. Miller & Co. Fresh Roasted Coffees. They have stood the test for years; No special courts of inquiry are necessary to know the "whys and wherefores" of O. D. Bates' coffees. A one pound trial will convince you.

Smith's orchestra will play the accompaniments and furnish concert numbers on Monday evening's program.

The Janesville Machine Company are arranging to install a 300-horse power Hamilton-Corliss engine at their plant. The new engine will be three times the size of the present one, and will furnish an abundance of power for the entire plant. The business at this institution has increased so rapidly of late that a larger engine has become a necessity.

NEWS OF A PERSONAL NATURE

A race round the devil's elbow at the opera house Monday night.

Grubb is always loaded with large variety green vegetables and fruits. Our raised biscuit are palatable in deliciousness—big words but you will agree with us on this article as well as all our baking. Grubb.

The calcium light effects will be unusually fine at Mrs. Day's recital.

EVANSVILLE MAN HAS BEEN BARRED

Orator Violated Rules of the Declaration League—Decide to Bar Carl Monshau.

On Wednesday evening the managing committee of the Whitewater declaration league held a very interesting meeting in this city, they having been called to consider the protests of eight of the ten contesting schools, who participated in the recent contest at Whitewater, against Carl Monshau, who represented the Evansville school.

Last December a rule was adopted to the effect that there should be no coaching of contestants by anyone outside the regular corps of teachers employed by the school board.

The evidence showed that the Evansville school through its board, employed outside coaching with a private fund given to the school board for that purpose. The committee deemed that a direct violation of the rule and decided to bar Mr. Monshau of the Evansville school, from taking part in the contest at Madison, also to bar the Evansville school from all interscholastic contests for the remainder of the school year.

The decision of the committee places Miss Eurette Kimball, of this city in first place and Ward Burdick of Milton Junction in second place. The Evansville school will appeal to the state board.

EDGERTON LOSES AN OLD SETTLER

Death of J. D. Whittet, at His Home in That Village Last Evening.

Edgerton, Wis., May 9.—(Special)—J. D. Whittet, a highly respected citizen died at his home on Catlin street last evening at 6:30 after a lingering illness. Mr. Whittet was fifty-five years of age and has had poor health for a number of years. He was a member of the lumber firm of J. D. Whittet & Son, having been in the lumber business for several years. He leaves a wife, three sons and three daughters to mourn his loss, besides a large circle of sympathizing friends. The Masonic lodge will have charge of the funeral services to be held at the home on Sunday afternoon.

New Bids or Postoffice

Postmaster O. F. Nowlan has received notice that new bids for the erection of the postoffice will be called for. The bids are to be opened June 11. The plans and specifications will be forwarded to Mr. Nowlan in a day or two and will show what changes have been made in them in order to get the bids inside the limit. The bids will be for the construction of the entire building with the exception of the heating apparatus, electrical wiring and conduits. If the bids are within the appropriation this time the building may be begun in 1902.

STATE OF WISCONSIN, ss
County of Rock,

I, A. P. Burnham, cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

A. P. BURNHAM, Cashier.

Subscribed and sworn to before me this 9th day of March, 1902. SILAS HAYNER, Notary Public for Wisconsin.

Correct—attest—C. S. JACKMAN, JOHN WATSON, C. W. JACKMAN, Directors.

INDORSE HOPKINS FOR SENATORSHIP

Illinois Republicans Request
Members of General As-
sembly to Elect Him.

MASON SAYS HE'LL BE SENATOR

Present Occupant of the Office Vows
Vengeance on the State Administration
and Declares He Will Join Cal-
um in Washington.

For United States Senator, A. J. Hop-
kins. For Treasurer, Fred A. Busse.
For Supreme Court Clerk, Chris Mamer.
For Superintendent of Public Instruc-
tion, Alfred Bayless.
For University Trustees, Mrs. Laura
Evans, William B. McKinley, L. E.
Kerrick.
For Clerks of Appellate Courts—Second
District, C. C. Duffy; Third District,
William C. Hippard; Fourth District, A.
C. Millspaugh.

Springfield, Ill., May 9.—Albert J.
Hopkins of Aurora was indorsed as
candidate for the United States sen-
ate to succeed Senator Mason, and
the foregoing ticket was nominated by
the Republican state convention.

After the convention had completed
its labors and had adjourned, Charles
Gates Dawes withdrew from the sena-
torial race, issuing the following state-
ment:

"Recognizing that the expression of
a convention of 1,500 delegates must
be considered as fairly representative
of the will of a majority of the party,
with feelings of the deepest gratitude
to the friends who have so loyally sup-
ported me, and with only the kindest
feelings toward my opponents, I

part which he played there is now in
the keeping of history. After the
close of that war President McKinley,
in a letter to Rear Admiral Sampson,
said:

"Let me assure you that I have the
highest appreciation of your service as
commander in chief of the Atlantic
naval forces during the Spanish war,
in blockading Cuba, co-operating with
the army, directing the movements of
the great number of vessels under
your orders, and at last, after the most
effective preparation, consummating
with the gallant officers and men under
your command the destruction of the
Spanish fleet."

"As a mark of respect to his mem-
ory flags of the navy yards and sta-
tions and vessels in commission will
be displayed at half-mast from sun-
rise to sunset, and thirteen-minute
guns will be fired at noon from the
navy yards and stations on the day
after the receipt of this order."

Decide for United States.
Washington, May 9.—The United
States has won a sweeping victory in
the arbitration of the dispute with the
Republic of Salvador over the claim
of the Salvador Commercial company
and other citizens of the United States,
stockholders in the corporation El
Triunfo Company (limited), created
under the laws of Salvador. Sir Hen-
ry Strong and Don M. Dickinson, a
majority of the arbitration committee,
have rendered an opinion against Sal-
vador for \$573,178. This sum, by
the terms of the opinion, is to be paid
to the United States for the liquidation
of claims of the American stockhold-
ers of the Commercial company. Senor
Don Jose Rosa Paeas, the Salvadorean
arbitrator, strongly dissented from
the opinion of the majority.

Favors Consular Reform.
Washington, May 9.—Chicago com-
mercial organizations and business
men who have been urging a reorgani-
zation of the consular service have
secured a powerful ally in the person
of the president, who announced that
he heartily indorsed the bill which
had been reported from the house com-
mittee on foreign affairs embodying
the recommendations of the Chicago
commercial interests, and that he
would be glad to give such a measure
his signature.

New Training Ships.
Washington, May 9.—Senator Per-
kins has offered an amendment to the
sundry civil bill providing for the
construction by the government of
three steel sailing training vessels.
The vessels are to cost not to exceed
\$250,000 each.

Court-Martial for Captain Ryan.
Washington, May 9.—Orders have
been issued by Secretary Root for the
court-martial of Capt. J. A. Ryan of
the Fifteenth Cavalry for improper
conduct in securing information from
natives in the Philippines.

Kidnapper H. Clay Evans.
Washington, May 9.—The senate
committee on commerce decided unani-
mously to report the nomination of
H. Clay Evans to be consul general to
London with a favorable recommenda-
tion.

Boxer in Jail.
Fairmount, Ind., May 9.—"Spider"
Kelly is in jail at Marion on the
charge of grand larceny, to which he
pleaded guilty. At one time he was
the champion featherweight pugilist.

Chorus Girl Takes Acid.
Newark, N. J., May 9.—May Carnes,
a chorus girl, swallowed carbolic acid
with suicidal intent in her room at a
theatrical boarding house.

Nobility Recommends Nervine.

The above portrait is that of
Countess Mogelstod, of Chicago,
Ill., whose gratitude for the
benefit received from the use of
Dr. Miles' Nervine prompted her
to make this statement:

"It affords me great pleasure to add
my testimony to the very excellent
merits of Dr. Miles' Nervine. Although
I am past 80 years of age I find it
cooling the tired brain, quieting the
irritated nerves and insuring restful sleep.
I never feel contented without a bottle
of it in the house." Gratefully yours,
CHRISTIANA M. M. Mogelstod.

Dr. Miles' Nervine
is a nerve tonic and strength-
builder that starts right in re-
storing health immediately.
Sold by all Druggists.

Will It Cure Me?

That's the personal question a woman
asks herself when she reads of the cures
of womanly diseases by the use of Dr.
Pierce's Favorite Prescription.

Why shouldn't it cure her?
Is it a complicated case? Thousands
of such cases have been cured by "Fav-
orite Prescription." Is it a condition
which local doctors have declared in-
curable? Among the hundreds of thou-
sands of sick women cured by the use of
Dr. Pierce's Favorite Prescription there
are a great many who were pronounced
incurable by local doctors. Wonders
have been worked by "Favorite Pres-
cription" in the cure of irregularity,
weakening drains, inflammation, ulcer-
ation and female weakness. It always
helps. It almost always cures.

"Three years ago," writes Mrs. John Graham,
of 2018 Plum Street, (Frankford) Philadelphia,
Pa., "I had a very bad attack of dropsy which
left me with heart trouble, and also a very weak
back. At times I was so bad that I did not know
what to do with myself. My children advised
me to take your 'Favorite Prescription,' but I
had been taking so much medicine from the doc-
tor that I was discouraged with everything. I
came to Philadelphia two years ago, and pick-
ing up one of your little books one day began to
read what your medicine had done for others. I
determined to try it myself. I took seven bot-
tles, and to-day I am a strong, well woman,
weighing 102 pounds. Have gained 20 pounds
since I started to use 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets clear the
complexion and sweeten the breath.

BEST FOR THE BOWELS

"If you wish to know what smartly dressed men will wear this season, ask
to see Ziegler Clothes."

SUCCESS

Has often begun with a new
suit of Clothes; you certainly
cannot expect business suc-
cess if you are poorly dress-
ed; yet it is not at all
necessary to spend a lot of
money on your apparel in
order to be as well and as
stylishly dressed as your
fashionable neighbor. You
may not know it, but it is a
fact, that many of the best
dressed business men in
this part of the State have
worn the

Ziegler Clothes

for years in preference to
having them made to meas-
ure, for they secure the lat-
est styles, perfect fit and ob-
viate the innumerable "try-
ons," and possible disap-
pointment in the end; besides
they know they have ex-
actly the same quality at

about half the expense. Why don't you form the
"Ziegler Habit?" It will save you money and pre-
serve your self respect. If, however, you are hard to
please, we have the finest equipped Merchant Tailor-
ing Establishment in the State, in the hands of a
first class cutter who will supply you with as fine
garments as the high class city tailors will give you
but at a much smaller price

Suits and Top Coats 15 to \$25

Some Farm Notes.

There has been no change in the local tobacco market since our last report. About the same number of buyers are riding and they are still picking up a fair amount of tobacco each week. Prices remain about the same as formerly quoted, ranging from 4 to 9 cents, the latter price for assorted tobacco. In old goods sales are mainly confined to small lots of a few cases, although A. N. Jones sold 132 cases of 1900 to eastern parties.

Around the assorting rooms about the same number of persons are employed and some complaint is heard of a shortage of sorters. The season will last for some time yet; in some warehouses, well into the summer.

The plant beds are doing nicely under the splendid influences of recent rains and genial weather. Plants promise to be plentiful and are growing rapidly. Some report plants as having four leaves, which is good for this time of the year.

The growing districts are being pretty thoroughly canvassed by tobacco buyers and the movement is slowly cleaning up the remnants of the crop. Many sections are now

quite closely picked up, while altogether there is much less tobacco remaining in growers' hands than most dealers estimate. Considerably less than a quarter of the crop is believed to be sold. The bulk of the lots remaining are assorted tobacco for which the growers are receiving higher prices than for some time past. The indications are that everything will be cleared away shortly at the present rate of buying, says the Edgerton Reporter.

There is but little change in the condition of the cured leaf market. T. A. Ellington sold about 2500 of his 1900 packing this week. Mr. Neuberger of Bremen picked up a few hundred cases of export grades in the local markets during his stay here and Conway Bros. sold 2500 of export grades. Other transactions are of small lots to manufacturers.

The plant beds are making fair progress under the influence of rains and warmer weather. The young plants are showing plainly and generally look thrifty.

The shipments out of storage generally reach a storage of six carloads, 280 cases, for the week past to all points from this market. Since last report, 675 cases of cigar leaf were exported from New York.

Japanese Hand Issue.
Yokohama, May 9.—Another issue of bonds, amounting to \$5,000,000, is being coldly received. It is probable that the government will be obliged to resort to the Bank of Japan.

Launch Largest Sailing Ship.
Geestemunde, Prussia, May 9.—The five-masted ship *Preussen*, said to be the largest sailing ship in the world, was launched here. She is 8,000 tons dead weight capacity.

Funeral of Bret Harte.
London, May 9.—Bret Harte, the American author who died on Monday night, was buried at Fimley, near Camberley, yesterday. The funeral was a quiet one.

Ex-Senator Roach Near Death.
New York, May 9.—Ex-Senator William N. Roach of North Dakota, who has been ill several days at his home in this city, is believed to be near death.

Falls from a Train.
Lafayette, Ind., May 9.—Fred Luther of Lafayette, 25 years old, was instantly killed by falling from a Monon freight train at Battle Ground City.

Steamer on the Shoals.
Port Huron, Mich., May 9.—When the steamer R. P. Ranney was leaving the Grand Trunk elevator the ran on the lower end of the Middleground.

MANY DESTITUTE IN ALASKA
Army of Idle Men Being Daily Augmented at White Horse.

Port Townsend, Wash., May 9.—Two steamers, the City of Seattle and the Dolphin, have arrived from Skagway. On board the former were Gov. John G. Brady of Alaska, who is on his way to Ashland, Ore., to join his family. Reports brought by the steamer say there is an army of idle men at White Horse and many of them are destitute. The situation is growing more serious, as recruits are arriving daily. Ad- vices from Dawson under date of April 27 are that the country is drenched with water. Shuicing has commenced and from \$10,000,000 to \$12,000,000 in pay dirt is ready to wash.

New York Franchise Law Valid.
Albany, N. Y., May 9.—Judge Earl, referee in the matter of the constitutionality of the New York state franchise tax law, declares the law constitutional on every point. The decision is still to be passed upon by the appellate division of the supreme court and the court of appeals.

Iowa Republican Convention.
Des Moines, Ia., May 9.—The Republican state central committee set the state convention for July 30 at Des Moines. Congressman W. I. Smith of Council Bluffs was chosen for temporary chairman and Herbert Remley of Iowa for temporary secretary.

Doctors in Session.
Mattoon, Ill., May 9.—The fifty-fifth semi-annual meeting of the Association of Medical Society of the Wabash valley, the largest and oldest medical society in the middle west, was held in this city, concluding with a banquet.

Derailed Train Kills British.
London, May 9.—Lord Kitchener reports another accident to a train bound from Pretoria to Pietersburg, northern Transvaal. The cars were derailed at a curve and an officer and ten men were killed.

WOMAN'S LABEL LEAGUE DANCE

About 150 Couple Attended the Affair at the Assembly Hall Last Night.

That the Woman's Union Label League are royal entertainers was amply demonstrated at the ball given by them at Assembly hall last evening. About 150 couples were present and greatly enjoyed themselves. The ball room was handsomely decorated with purple and white, the colors of the order. Music was furnished by Baldwin and Rehfeld's orchestra and the music was so good that they were compelled to respond to several encores. Dancing began at 8:30 o'clock and after about an hour twenty-six members of the league gave a very pretty drill. Each lady wore a white dress and purple cape and also carried a staff. Although many of the movements were intricate the ladies went through them with the precision and ease of well-drilled soldiers. When the march was finished they were loudly applauded.

After the march dancing continued until 1 o'clock. Much of the success of the party was due to the well directed efforts of the committees in charge who were as follows.

Arrangements—Mrs. Wm. Rehfeld, Mrs. Wm. Phelps, Miss Connell. Tickets—Miss Gereht, Miss Steiner, Mrs. P. McKelgue.

FOOTVILLE

Footville, May 9.—The sudden death of Mrs. Trueman Andrews of Magnolia, was a shock to many in this vicinity. The funeral services were held Thursday.

Dr. Ames' smiling face will no longer be in our midst. He now assumes the proprietorship of the dental office formerly owned by Dr. Anthony, of Evansville.

There will be a "Chinese Social" at the home of Mr. and Mrs. Harry Barlow, May 20th. John Chinaman will be there to serve.

Foot Edgerton has been visiting in Beloit.

Ed. Acheson has been laid up with a nail wound in his foot.

There will be the usual morning service and Sunday school at the Methodist church and also at the Christian church next Sunday in spite of repairs which are in progress. No evening service except Young People's service at Christian church.

The social at Dr. Lacy's last week was enjoyed by about 75 people. The folks did splendidly.

DISOBEDIENT.

Three men had been out on a spree and on the way home late at night they made a wager that the one who did not do as his wife told him should pay for a champagne supper the following night.

The first returned home and his wife greeted him thus: "Hello, you beauty! That's right knock all the ornaments off the mantle piece!"

He knocked them all off.

The second returned, and on going into his house fell on the piano, where upon his wife said: "Go on get the chopper and smash it all up!"

He did so.

The third returned, and upon going up stairs, his wife said: "You miserable scamp fall down stairs and break your neck!"

Needless to say he paid for the supper.—London Spare Moments.

Brings attractiveness to listless, unlovable girls, making them handsome, marriageable women. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

A LITTLE MIXED.

A pious woman of Portsmouth had a husband who was a seaman.

He was about to start on a protracted voyage, and as his wife was anxious as to her husband's welfare, she sent the following notice to the village preacher:

"Mr. Blank who is going to sea, his wife desires the prayers of the congregation."

As the old lady was quite illiterate, the minister read the following to the congregation from the slip handed to him:

"Mr. Blank who is going to see his wife, desires the prayers of the congregation."—London Tit-Bits.

Spinal Origin of Disease.

Emanating from each side of the spine are the spinal nerves with their sympathetic connections which control every organ of the body both as to its action and its healthy development. This is the grand center from which the nervous control of all parts of the body is disseminated. The nerves pass out from the spinal cord between bones, ligaments and muscles with only a limited amount of space, and the infringement upon this space by the contraction of any muscles or by piling up of bone may cause a disturbance in any organ of the body. Upon these nerves the osteopath must play as upon the keyboard of a piano, removing any pressure or obstruction which would discord in these nerves or in the functions of these organs which they supply. It is upon the spine, for this reason, that the osteopath does the major portion of his work.

Rose Coghlan—"Forget Me Not"

"Forget Me Not," will shortly be produced here by Rose Coghlan and a specially selected company, among whom are some who appeared in the elaborate production of this play at the Fifth Avenue theater in New York and in the leading role of this brilliant epigrammatic nature on modern society Rose Coghlan is doing the most artistic work of her career and a record-breaking business.

STILL KEEPS IT UP.

"During a period of poor health some time ago I got a trial bottle of Dr. Williams' Little Early Risers," says Justice-of-the-Peace Adam Shock, of New Lisbon, Ind. "I took them and they did me so much good that I have used them ever since. I feel reliable and gentle. Dr. Williams' Little Early Risers neither gripe nor distress but stimulate the liver and promote regular and easy action of the bowels."

W.B. SUMMER CORSETS

No Summer Wardrobe is Complete without a W. B. Summer Corset

All stores are showing the 1902 models. These corsets are made with especial attention to minimum of weight and maximum of sturdiness.

WE ILLUSTRATE THREE "BEST" SHAPES

W. B. Erect Forms are made of white batiste of the very lightest yet sturdy texture, and trimmed with lace and ribbons. In these styles:

Erect Form 983 For slight figures — \$1.00
Erect Form 970 For medium figures — \$1.00
Erect Form 972 For fully developed figures — \$1.50
Erect Form 961 For medium figures — \$2.00
Erect Form 903 For stout figures — \$2.50

W. B. Girdle Corset is a dainty little affair which allows full play to hips and bust. It is ideally comfortable and will fit women of slender build and young girls. In pink, blue and white batiste. \$1

W. B. Shirt Waist Corset is a great favorite. Does away with ungainly ridges and bust and shoulder blades. Made of the lightest white batiste. Lace and ribbon trimming at top and bottom. For the average women. \$1

CONSUMPTION

A Disease That Is The Terror Of Our Times.

Vinol Can Prevent It.

Consumption is not hereditary. The best physicians today tell us so.

A predisposition to the trouble, however, is to be feared. If any of you have had ancestors who suffered from this awful disease or died from it, then you should take particular care.

Your system is such that under favorable circumstances the disease germ is likely to find a resting place, take root, flourish, develop and end as all consumptive cases must eventually in death. The person susceptible to this disease is like ground, favorable for the cultivation of certain seeds, the seed once placed on such ground thrives and flourishes.

If you will only come in and let us talk with you, we can tell you better in a few minutes' personal conversation all that Vinol can do to cure coughs and prevent consumption than we can describe to you in pages of type. But, briefly we will state for the benefit of our many friends that we know that Vinol invigorates the stomach, enriches the blood, creates flesh and gives to the taker strength, and thus throws off disease. This is done because it contains those valuable medicinal ingredients in a highly concentrated state that made Cod Liver Oil famous. The advantage of Vinol over the old forms of Cod Liver Oil lies in the fact that the medicinal elements are contained in a much more powerful state, and the disagreeable and obnoxious grease that was such a drawback to Cod Liver Oil is entirely eliminated. The following letter on this subject may interest you.

"After using Vinol in my family for about six months, I deem it my duty to say something in its behalf. My wife had a cough last winter and I thought she would go into consumption but I got to bottles of Vinol for her which cured the cough and helped her in many other ways. Since taking it she has not even had a cold." A. J. STUART, Alexandria City, Ala.

Remember we guarantee that Vinol will always do all we claim for it and always stand ready to refund the cost of the medicine to anyone who is not satisfied that what we claim is true.

BIRD AND ARBOR
DAY DAY QUITE COOL

Outdoor Programs, with the Planting
of Trees, Conducted by the
Various Schools.

This has been a rather cool day for
Arbor and Bird day. The pretty
little feathered songsters, who through
the forest and parks, have not been
overly cheerful today and their song
program has been very brief.

At the various schools the out-door
programs were conducted with chilly
fingers and made as brief as possible.

There was a brief mixed program
at each of the forty-seven school
rooms this forenoon and the out-door
work performed as outlined in The
Gazette a few days ago. This work
consisted of planting trees, shrubs,
flowers, bulbs and lawn grass seed,
and in giving the several school yards
a general cleaning up.

Some of the older pupils visited
nearby parts of the country and some
visited the Indian mounds just east
of the city.

Snow in France
Paris, May 9.—The heavy snowfalls
continue throughout northeastern and
southwestern France. They are ac-
companied by frosts and the cereal
and fruit crops are seriously threat-
ened.

Democrats in a Deadlock.
Newton, Ill., May 9.—The Demo-
cratic congressional convention for
the twenty-third district after ballot-
ing thirty-five times without making
a nomination adjourned to meet at
Centralia on May 27.

James Atkinson, of Shoplere, and
Adam Holt and Fred Blow, of this
city, left last night at 5:10 over the
St. Paul road for New York from
where they will sail on the Lucania
for England. They expect to be
gone about three months and witness
the coronation festivities before they
return.

cursion tickets will be sold at one
fare for round trip May 17, 18 and
19, limited to return until May 22,
inclusive, on account of German Cath-
olic Convention. Apply to agents
of Chicago & Northwestern R'y.

Merely an Impression.
It is said that the new British post-
age stamps are to be called in and de-
stroyed because the engraver made
the king face the wrong way. But,
dear sakes, the king can do no wrong.
